- The very first day after your admission, we hold a test for assessment of your current Reading, Writing, Listening and speaking skills.
 - We first help you to identify the exact reasons why you are not getting the score you need. We do this by looking at your assessment test and giving you feedback. We plan your personal lessons depending on your section wise performance in each skill.
 - We also work on your vocabulary and grammar for enhancing your current set of skills.
 - We then teach you how to fix those weaknesses and turn them into strengths. We do this using our classroom and language lab.

- You will then put what you have learned into practice and we will continue to give you personalized feedback after assessment on every Saturday on what you are currently not doing well enough yet.
- We will help you refine and fix any problems until you are able to do everything effectively. You will get a go ahead from our trainers; you are then ready for the test.
